Vedic Astrology has an excellent and proven method of compatibility matching based on nakshatras (Lunar Constellations), which is called Ashtakoot match or simply guna milap. It assigns points for factors that influence marriage. More the points obtained, more the chances of successful and happy married life. As the name suggests, maximum possible points are 36. If a matching obtains less than 18 points, it is not considered good and marriage is not

advisable. Apart from 36 Points, this report also considers Mangal Dosha (Manglik or Kuja Dosham) compatibility and pronounces results by combining these two important factors. Here are the points obtained for the given details:

Interpretation of Each Point

VARNA

The boy belongs to Kshatriya varna and the girl comes under vaishya. This is a very favourable and good combination, as far as varna is concerned. The natives will understand each other's emotional requirements and will be able to fulfill them. The boy will be very helping in nature and he will cooperate in home affairs. The girl will be more homely and keep every thing in tact. The boy will also be very ambitious and hard working, and the girl will prove to be an inspiration in his achievements. She will be very dedicated and sincere in her jobs too. There will be harmony between them and it will lead to prosperity in household life.

VASYA

The boy and the girl both come under Chatushpad vashya. This pair indicates capability of achieving happiness, health and status together. There is good aspect of decent married life as both have a fair demand on each other on certain occasions. They encourage each other and mutual responsibility makes them loyal and attractive for each other. This combination comes out effectively in work and study and in matters related to diet, dress and personal hygiene. Both will have an emotional and a very soft-core for each other in their hearts. I would advise you to go in for ceremonial marriage.

TARA

The boy belongs to Ksheme tara while the girl belongs to Atimitra tara. As far as tara compatibility is concerned this is so far the best alliance to be taken into consideration. Both are equally creative and share an excellent temperamental adjustment. Both will also be able to understand each other's needs and inter psychic responses at times. In the midst of adversities, collectively they will handle the situation very boldly and with utter confidence. It permits happiness, mutual sharing and harmonious relationships in the home.

YONI

The boy is associated with Vanar yoni and the girl belongs to Sarp yoni. This combination indicates that the natives could be unfriendly or suspicious toward each other. The boy is likely to be negative and unsympathetic towards the ideas and communications of the girl, and sees the girl as superficial and unreliable. The boy can also make heavy demands on the girl in terms of mental discipline and work. The boy may be a burden on the girl or a restrictive influence on her freedom and mental independence. Their physical compatibility may suffer.

MAITRI

The boy comes under the rasi lord Jupiter and the girl belongs to Venus lordship. This is not a very favorable merge as the compatibility chart shows chances of ego clash and occasional quarrels. Both are animals of different mental plane and both will think themselves wiser than the partner. There may be ups and down in their family lives because of the difference in their practical approach. They don't know the secrets for keeping the relationship fresh and the romance new. Since, they are not very free to their partners they don't feel secure in each other's company. However, if other gunas are matched well then there is no harm to go for this alliance.

GANA

The boy and the girl both belong to the same gan Manushya. Being both at the same intellectual, physic and emotional level. It is regarded as a very good combination. This combination indicates support for each other and working together to face and challenges of life. They will understand and co-operate with each other. They will help other to achieve social and career goals by stimulating each other's mental processes and conveying useful information. The natives tend to bring out each other's skills and qualities.

BHAKOOT

The boy's bhakoot rasi is Dhanu and the girl belongs to Vrishbha bhakoot. Not a very flattering alliance as far as bhakoot is concerned. The bhakoot combination does not indicate a long marriage life as the natives are very diplomatic and self-oriented in their thoughts. Progeny is also sometimes in problem in this bhakoot combination. The couple lacks the general temperament to understand each other. The love will be missing altogether and life will be more individualistic. The boy exercises poor judgment by giving into the selfish actions of the girl who may regard the boy as pompous, inactive, hypocritical and sanctimonious.

NADI

The boy's nadi is Madhya and the girl comes under Antya nadi. As far as nadi combination is concerned, it is considered to be exceptionally good alliance. The boy and the girl both have spiritual bend of the mind and will compliment each other in intellectually. Natives will help to evolve capabilities of each other in the areas such as realistic thinking, expressive and social activities etc. Both of them will have deep trust and affection for one another. This alliance strengthens the over all compatibility of the charts.
